

World Centric - Delivered Online Catalog **2011**

Effective - April 18, 2011

FOB - San Leandro, CA / Edison, NJ

OUR MISSION is to create a better world, inspire, innovate and leave no waste.

**PLATES | BOWLS | UTENSILS | COLD CUPS | HOT CUPS | STRAWS | TRAYS
CLAMSHELLS | DELI CONTAINERS | SOUFFLE CUPS | TRASH BAGS**

The World Centric Commitment

100% Compostable Products

Our products are made from annually renewable resources like sugar cane fiber, wheat straw fiber and corn and fully compostable in a commercial composting facility within 1-3 months. They all pass ASTM 6400 and are BPI certified for compostability. Unlike other companies we do not sell other plastic products to complement our line and stand behind our mission to only provide 100% truly compostable products.

Good for the Environment

Our products do not persist in the environment and do not create the toxicity and pollution associated with petroleum based styrofoam and plastic products. They reduce the amount of waste going to landfills and when composted produce nutrient rich soil. They also take less energy to manufacture and reduce the green-house emissions released into the atmosphere.

High Quality

World Centric products are some of the highest quality you can find. Many of the products are custom designed for strength and aesthetics and are more sturdy, strong and pleasing to the eye than existing competing products. We also offer custom print and manufacturing solutions for your needs.

Sustainability

World Centric offsets all its carbon emissions by planting trees. We donate 25% of our annual profits to grassroots environmental and social organizations and provide discounts for schools and non-profits.

**100%
COMPOSTABLE**

made from
sugar cane fiber,
corn & wheat straw

**NON-POLLUTING
NON-TOXIC
USES LESS ENERGY**

**OUR PRODUCT
LIFE CYCLE**
begins and ends
in the same place

**0 CARBON
FOOTPRINT**

We offset all carbon
emissions. In 2009 we
planted 175,000 trees.

**WE DONATE
25%**
of profits to grass
roots social and
environmental
organizations.

**DISCOUNTS
FOR SCHOOLS
& NON PROFITS**

TPLA (70% PLA and 30% Talc) Utensils

- Made from non-GMO PLA (derived from corn) and talc
- Usable for hot foods up to 200°F
- Composts in 3-6 months in a commercial composting system (ASTM 6400 & BPI certified)

Ingeo™ Cold Cups, Containers and Straws

- Look and feel like plastic (clear or opaque), but made from Ingeo™ derived from corn
- Suitable for cold and warm foods up to 120°F
- Composts in 1-3 months in a commercial composting system (BPI certified)

Ingeo™ Coated Paper Hot Cups and Bowls

- FSC certified paper
- Bioplastic lining made from Ingeo™ derived from corn
- Composts in 1-2 months in a commercial composting system (BPI Certified)

Plant Fiber Plates, Bowls, Trays and Clamshells

- Made from leftover sugar cane & wheat straw agricultural fiber
- No wax or plastic lining, microwave and freezer safe
- Usable for hot foods up to 200°F
- Conform to FDA guidelines for food use
- Sustainable replacements for plastic, Styrofoam and paper disposables
- Composts in 1-3 months in a commercial composting system (ASTM D-6400 & BPI certified)

Compostable Bags

- Mixture of Ingeo™ and synthetic polymers
- Strong and durable
- Composts in 3-6 months in a commercial composting system
- EN 13432, ASTM D-6400 & BPI certified
